ANUSHKA R P

SUMMARY

As I am a second-year Electronics and Communication Engineering student, I have developed knowledge in both front-end and back-end development. I have participated in several hackathons and competitions, which have enhanced my problem-solving skills. My interest in hardware has led me to study processors, allowing me to build a foundational understanding in this area. I am dedicated to learning every day and continuously improving my skills. With a strong curiosity and eagerness to work in a professional environment, I am excited about the opportunity to contribute to a company while gaining valuable experience.
